	 A technical line drawing of a control panel or machine. The panel is rectangular with a control interface at the top featuring several buttons and a small display. A pink rectangular area is overlaid on the bottom left corner, partially obscuring the panel's base. A small, curved arrow points towards the bottom left corner of the panel.
	 A technical line drawing of the same control panel. A yellow rectangular area is overlaid on the left side of the panel, extending from the bottom towards the top. A small, curved arrow points towards the bottom right corner of the panel.
